                                          15&15min disc.

9:40am     JLAB analysis computing        Ian Bird
                                          15&15min disc.

10:10am    NERSC/PDFS analysis computing  Tom Davis
                                          15&15min

10:40am    Coffee break

11:00am    Physics needs report           Savard/Belforte
                                          30&30min

12:00am    Discussion time                30min

12:30pm    Lunch

1:30pm     CDF computing & networking     Steve Wolbers
           infrastructure                 20&10min disc.

2:00pm     CDF options considered         CDF Task Force
                                          15&15min

2:30pm     PC Farm testing & maintenance  Steve Timm
                                          15&15min

3:00pm     Activities in ISD              Igor Mandrichenko
                                          15&15min

3:30pm     Discussion

5pm        End of our time in Theory room
           Have Pizza & beer etc. in pumproom
           then continue discussions until we're tired.

           More beer as we go along.
```

```
***************** FRIDAY, OCTOBER 19TH ***********************

Time:           Topic:                  Person:

8:30am     Serving 200TB via NFS        Tom Davis
           What are the issues?         15&15min disc.

9:00am     Mosix: moving jobs to        A.Korn & fkw
           data instead of data         30&20min disc.
           to jobs.

9:50am     Fibrechannel & GFS @ SDSS    Jim Annis
                                        15&15min disc.

10:20am    Coffee

10:40am    Discussion Session
           Goal of this session is to arrive at a set
           of milestones towards whatever we need for
           summer 2002 including R&D for how we go from
           200pb-1 to 2fb-1.

           I.e. wrap up Run2a in this session.

12:00 Noon  ************ Lunch *******

1:30pm     CDF grid (UK)                David Waters
                                        15min+15min

2:00pm     D0 SAM                       Vicky White
                                        15min+15min

2:30pm     CMS: What's on the floor     Hans Wenzel
                & near term plans       15min+15min

3:00pm     Discussion of Run2b related issues.
           Is there anything that we can/want to recommend
           towards Run2b at this point?

4:45pm     fkw leaves to catch his plane to Boston.
           I suspect others have similar constraints.
```
