Berkeley Lab Distributed Printing Label

In an effort to clearly and consistently identify Berkeley Lab distributed printers, we have generated this label (at the bottom of this page) to be affixed to the printer.

When reporting printer problems, be sure to name the printer you are printing to and the host from which you are printing.

Problems with or questions about this label may be sent to trouble@lbl.gov.

Berkeley Lab Computing Services

Distributed Printer name:	**at58**
Please report problems to:	**trouble@lbl.gov or x6211**
For hardware problems call:	**Computer Systems Maintenance, x7554**
