Dear KRISTEN BRIZZEE:

January 17, 2007

It's time for you to renew your Arizona registration!

Here's what you need:

☒ **Power of Attorney**

- The enclosed **power of attorney** authorizes you to renew the registration of your vehicle
- **Be sure to sign it before going to the designated facility referenced in the box below.**

☒ **Renewal Application**

- If the application is not enclosed, obtain one from a Motor Vehicle Division office.

☒ **Applicable Fees**

- Fees may be listed on your vehicle's renewal application or obtained from the State Auto License Department.

☒ **Current Insurance Card**

- Verify the card has not expired.
- Your insurance card should be kept in your vehicle at all times.
- To obtain insurance information, contact your employer for a copy.

☒ **Make Sure Your Emission Certificate is Current, if applicable***

- If an emissions inspection is due for your vehicle and you do not have it completed on time, it will prevent you from renewing your vehicle's registration.

***Maricopa, Yavapai and Pinal county emission requirements:**

- Emission inspection is **not** required for vehicles of the five newest model years (current year and prior four years). For more information, you should contact the **Vehicle Inspection Program Hotline at 602-470-4646 for Maricopa County or at 800-284-7748 outside of Maricopa County.**
- If an inspection is required, be prepared to show your Vehicle Identification Number (VIN). Bring your vehicle's current registration **OR** Wheels Authorization to Drive Card.

Submit the required items listed above to: the State Auto License Department or

renew by phone at 888-713-3031 or internet at www.servicearizona.com

Once you have renewed your vehicle's registration, please **fax or mail Wheels a copy of your new registration.** (The fax number is listed above and a postage-paid return envelope is enclosed.) It will assist us in providing you registration renewal requirements in a timely manner next year.
