Pages including cover page: 2

Subject: July/August '09 issue to feature popular Fastener Literature Profile

Hi Michael,

Spring is finally here and hopefully your business has started to see a little more "green" in recent weeks. This is just a quick reminder that the July/August 2009 issue will contain the popular Fastener Literature Profile section and I have attached a sample page for your review.

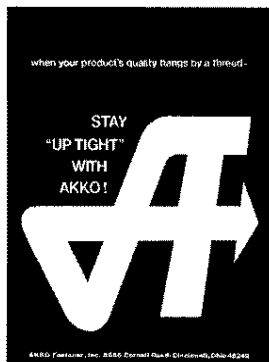

This is a great opportunity to showcase your product catalog or company brochure in full color along with a 50-60 word description to an audience of 13,000+ fastener professionals for only \$375. Studies have shown companies which continue to maintain a high profile are the ones that emerge the strongest and gain more market share after a downturn.

The deadline to reserve your space in the Fastener Literature Profile is Friday, May 29th. Please call me at (800) 528-1164 or e-mail me at tmassar@columbus.rr.com if you would like to receive a free digital copy of last years edition. I look forward to hearing from you soon.

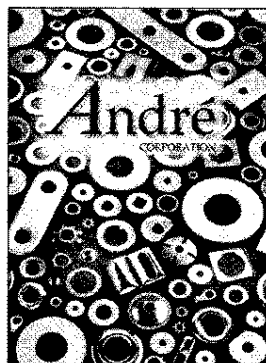

Best Regards,

Tom Massar
Advertising Manager

**AKKO FASTENER, INC.**
