What to do in case of accident

1. Stop and check for injuries. Call an ambulance, if anyone is injured.
2. Warn other drivers to prevent further damage. Set flares. Signal with flashlight at night.
3. Notify the police. Many times a passing driver or bystander will do this for you.
4. Gather the facts. Be sure to get the names of witnesses, as well as other pertinent information. (i.e. driver's license #, insurance information and description of the other vehicle)
5. Be careful what you say. Don't admit responsibility. Investigation may show you were not responsible.
6. Report to proper authorities. Each state has its own requirements for such reports. Know the law for your state and comply.
7. You may also report a loss on the Internet at: www.Farmers.com.
