Open source products ==include== permission to use the source code,
design documents,
or content of the product.
It most ==commonly== refers to the open-source model,
in which open-source software or other products are released
under an open-source license as part of the
 open-==source-software movement.==
 Use of the term originated with software, but has expanded
beyond the software sector to cover other open content and forms
of open ==collaboration==.
