

A table set “keep with next” should not split, but instead move to a new page IF there is no room for both the table AND for the following paragraph on the current page. If the table is kept with the previous paragraph it should split.

1. Single page – all fits.
2. Move to new page to keep.
3. Keep with previous paragraph - spit table.
b. some not kept with next.
4. Keep with previous paragraph – orphan too small.
5. Span multiple pages.
6. Span multiple pages – orphan too small.

The format used for this test is highlighted above.

Normal paragraph.

Paragraphs that are not set to “keep with next” are left alone if when the “kept” section becomes large.

Setting this paragraph to “keep with next”. The 2 paragraphs and table should move as a group to new page.

Table Heading	Cell Heading	
Row 1	Cell 1	
Row 2	Cell 2	
Row 3	Cell 3	
Row 4	Cell 4	
Row 5	Split	Cell
Row 6	Table	in
Row 7	table	
Row 8	With merged cells	
Row 9	Cell x	
Leave last row	blank	

The table is set to keep with this paragraph. So at least the orphan

number of lines should be on the same page as the table.
