

A table set “keep with next” should not split, but instead move to a new page IF there is no room for both the table AND for the following paragraph on the current page. If the table is kept with the previous paragraph it should split.

1. Single page – all fits.
2. Move to new page to keep.
3. Keep with previous paragraph - spit table.
4. Keep with previous paragraph – orphan too small.
 - c. Table fills the whole page.
5. Span multiple pages.
6. Span multiple pages – orphan too small.

The format used for this test is highlighted above.

Normal paragraph.

Paragraph is set to keep with next.

Table Heading	Cell Heading	
Row 1	Cell 1	
Row 2	Cell 2	
Row 3	Cell 3	
Row 4	Cell 4	
Row 5	Split	Cell
Row 6	Table	in
Row 7	Table	
Row 8	With merged cells	
Row 9	Cell x	
Row 10	Cell y	
Row 11	Cell z	
Row 12	Cell Alpha	
Row 13	Cell Beta	
Row 14	Cell Gamma	
Leave last row	blank	

The table is set to keep with this paragraph. So at least the orphan number of lines should be on the same page as the table.
