WORLD PRAYER FOCUS

Thai people in Cambodia

The Thai are a Buddhist people group. There are very few followers of Christ among them. It's very common for the Thai to believe that "to be Thai is to be Buddhist." No one really knows how many ethnic Thai live in Cambodia. That's because the border between the two countries is poorly defined. In the past the border regions between Cambodia and Thailand had been the home base of some Communist guerilla groups, and land mines had kept many people out of this region. But now the guerilla groups have disbanded and the land mines have been removed. Accidental border crossings have become more common in recent years.

Ask God to open the hearts of the Thai in Cambodia to the true and living God who loves them. May this people group realize that Jesus Christ is the only real source of salvation. Ask God to break the hold that Buddhism has on the Thai living in Cambodia.

17 July 2011

We believe the Scriptures of the Old and New Testaments, the Word of God,
to be the supreme authority in all matters of faith and life.
To acknowledge this ruling principle the congregation stands
when the Holy Bible is brought in at the beginning of the worship service.

OUR MISSION:

TO HONOUR GOD, AS A REDEEMED COMMUNITY,
BY PRESENTING CHRIST TO EVERY PERSON,
AND EVERY PERSON MATURE IN CHRIST.
HOW MAY WE SERVE YOU?
