

So reporter's sample looks in LibO 3.3.3 Portable. Also IMHO not correct, outer line should be thicker than inner

Table contents	Cell right
----------------	------------

Reporter's tabel and some additional ones created in LibO 3.3.3 Portable, opened in 3.4.1

space between lines too thick, inner line too thick

Table contents	Cell right
----------------	------------

Table 2 6,5pt double:

space between lines too thick, inner line too thick

Table content	Cell right
---------------	------------

Line 65PT

Table 3 5pt:

single line looks correct

Table contents	Cell right
----------------	------------

Line 5PT

Please mention differing page numbers!!

Table 1 3ot double:

space between lines  
too thick, inner line  
too thick
