

Requested example by Sasha on 2-3-2012 regarding https://bugs.freedesktop.org/show_bug.cgi?id=41321

On the following lines you'll find a bulleted list (round bullets in Word (for Mac 2011, but in the past this also was the case in Word for Windows 2007 i know; see my original bug report from 2008 in OO):

- Line 1
- Line 2
- Line 3
- Line 4.

End of list.
