## A. Within Writer 4.0.1.2 create two identical paragraphs with the defaults settings.

1. Testing testing

2. Testing testing

## B. In the first paragraph, make the following changes:

Character style: from Default to Example,

Font size and style: from 12 plain to 10 bold italics,

Paragraph style: from Default to Text,

Paragraph format (Indent, Spacing Above and Below, Line spacing, Alignment, Tabs, Background color).

## 1. Testing testing testing testing testing testing testing testing testing

## C. Using Format Paintbrush try to copy format from first to second paragraph:

<u>Results in LibreOffice 4.0.1.2</u>: 2. Testing testing

Results in LibreOffice 3.6.5.2:

2. Testing testing testing testing testing testing testing testing testing
