There are exactly four normed division algebras: the real numbers ($\mathbb{R}$), complex numbers ($\mathbb{C}$), quaternions ($\mathbb{H}$), and octonions (▫)□"

The last char in parentheses is a Double-struck Capital O (U+1D546) from the font Code2001 (http://www.fonts2u.com/code2001.font).

Using Libre Office 4.4.5.2, that character displays correctly in the source file, but when I export it to a PDF, it appears incorrectly as the accompanying PDF file shows.

This problem might related to Bug 81129 which concerns five-digit Unicode chars, but is more concerned with them not displaying correctly in the source file which is not the problem here.
