☐ I understand that technology and/or software included in patent applications may be subject to U.S. dual-use export controls, which are set out in the Export Administration Regulations (15 C.F.R. parts 730-774). Access to such technology and/or software by any person located outside the United States or by a foreign national inside the United States constitutes an export that may require a license from the U.S. Commerce Department's Bureau of Industry and Security (BIS). I affirm that I am not accessing or permitting access by others to technology or software in a manner that would violate or circumvent the Export Administration Regulations.

Information regarding U.S. dual-use export controls and their application to technology and software included in patent applications is available from BIS. Please see BIS's website, available at www.bis.doc.gov, or contact BIS's Office of Export Services at 202-482-4811.
