(Attn: Certificate Authority Program Group)

Dear Sir,

REF: TM CERTIFICATION AUTHORITY APPLICATION FOR MOZILLA CERTIFICATION AUTHORITY (CA) CERTIFICATE PROGRAM

We are pleased to submit our application for Mozilla CA Certificate Program as per document attached.

Telekom Applied Business Sdn Bhd (TAB), a wholly-owned subsidiary of Telekom Malaysia Berhad (TM) has been awarded Certification Authority (CA) License by Malaysians Communications and Multimedia Commission (MCMC) with effective from 1st April 2013. We have also successfully passed the WebTrust for CA Trust Service Principles and Criteria for Certification Authorities Version 2.0 audit conducted by PricewaterHouse Cooper (PwC) in December 2012. TAB was audited by PwC for Trust Service Principles and Criteria for Certification Authorities Version 2.0 and WebTrust Seal was issued in 30th April 2014.

TAB has been appointed as the government CA, where it require TM Certification Authority (TMCA) root certificate to be registered for Mozilla CA Certificate Program in order to ensure our digital certificates are recognized as a trusted root CA for all Mozilla web browser users. As a leading telecommunication and internet service provider (ISP) in Malaysia, TM is serving the public sector with trust features in Mozilla products and solutions.

TMCA also has issued certificates to customer including consumer, SME, government and enterprise. Therefore, we highly require TMCA Root Certificate to be accepted in all web browsers to ensure the certificates are trusted by our customer.

We certainly hope that our application will be considered and approved the soonest possible.

Thank You.

Best Regards,

ANUAR ALIAS

Chief Executive Officer

Telekom Applied Business Sdn Bhd
