Typhoid Fever Cured in 3 Days By New Drug, Physicians Say

BALTIMORE, June 28 (AP)—Use of a new drug that can cure typhoid fever within three days was reported today by a Maryland physician and an Army doctor.

The drug, derived from a fungus, is chloromycetin. It has been administered successfully to 13 typhoid fever sufferers since its power over the disease came to light in Malaya last spring.

The drug was described by Dr. Theodore E. Woodward of the University of Maryland's School of Medicine and Col. Rufus L. Holt, commander of the Army Medical Department research and graduate school in Washington, D. C.

Its first clinical tests were made in a fight against scrub typhus. Numerous servicemen succumbed

to that disease in the Southwest Pacific, Dr. Woodward said, and eventual use of para-aminobenzoic acid "proved partially effective."

Brought Swift Cures

But chloromycetin brought swift cures in scrub-typhus cases, often within 34 hours, he added.

Three typhoid fever cases have been treated in Baltimore, and in every instance the drug broke the illness within three days, he said.

Scrub typhus is carried by an insect, a mite. Typhoid fever, on the other hand is transmitted through contamination of food or water.

Dr. Woodward recently returned to Baltimore from Kuala Lumpur, Malaya, where he spent the spring with an Army scrub-typhus team.

The medical expedition was sponsored by the University of Maryland and financed by the Commission of Immunization of the Army Epidemiological board.

Evangelist Ordered To Trial on Charge Of Beating Daughter

COLUMBUS, Ga., June 28. (AP)—A 30-year-old woman evangelist, Mrs. Hazel Smith, today was bound over to county court on four charges of beating her six-year-old daughter, Bobbie.

Mrs. Smith, preacher at the Four-square Gospel church and a former pupil of Almie Semple McPherson, was accused of cruelty toward the child on Feb. 20, May 30, June 7 and June 11.

Four other charges of assault and battery against Mrs. Smith were dismissed by Judge Solon M. Davis.

One prosecution witness, Mrs. Hugh Power, testified Mrs. Smith had told her "she was going to beat Bobbie until the blood ran down her face and then wipe her handkerchief in it to show me."

Mrs. Power said she and Mrs. Smith were discussing methods of curing unruly children.

Bobbie's school teacher, Mrs. Naomi Leonard, testified that the child often came to school with heavy bruises about the face and head.

He Wrote Too Well; Goes Back to Cell

LOS ANGELES, June 28. (AP)—It's an old gag, but every now and then it works.

Enrico Ramos, charged with forging a government check, argued with United States Commissioner Howard Calverley that he couldn't write, and therefore he couldn't be guilty of forgery.

Well, perhaps the law had picked the wrong man, mused Calverley, handing Ramos a release card to be signed.

With gusto, Ramos affixed his signature—then promptly went back to jail to await grand jury action.

38 Beaufort Negroes Called Before County Democratic Committee

BEAUFORT, S. C., June 28 (UP)—Beaufort county party leaders said today they would call 38 Negroes before the county Democratic committee Friday to show cause why their names should not be stricken from the county's Democratic primary voting lists.

County Democratic Chairman J. B. Cope said the Negroes apparently registered as Democrats while the enrollment books were open on a drug store counter up till the June 22 deadline.

In calling the Negroes before the committee, Cope said, the county is abiding by rule 12 of the state party rules, which forbids Negroes to enroll as Democrats.

Cope said he has sent notices to the 38 Negroes through the mails to appear at the committee hearing Friday at 10 a. m.

Immediately following the session, Marion Ennis of Milledgeville, secretary of the committee, announced Congressman Carl Vinson had posted his \$500 entry fee and would make the race.

Vinson said he believes the Democrats have a strong chance of controlling the house of representatives in the 81st Congress.

expenditure of government money for paintings, repairs and the renovation of barracks.

Activation of Camp Gordon is equivalent to several large industrial payrolls here," he asserted.

President Millard A. Beckum of the Merchants Association said the reactivation of the camp means a great deal to the retail business channels of Augusta.

Speaking also as a member of the chamber of commerce on military affairs, Mr. Beckum asserted: "We in Augusta are happy to welcome back the Army, as we have always enjoyed the most pleasant association with the Armed forces."

"Honor to Augusta"

Mr. Beckum said it was most gratifying "and quite an honor to Augusta to have our city and camp on the list of posts to be used for peacetime military training."

Harry Creamer, chairman of the military affairs committee, said that group plans to keep in close touch with the camp and work in close harmony with it.

He called its reactivation a "stimulant" to Augusta business and said it will "enable us to have a part in the military affairs of our country."

Gen. R. O. Barton, former commanding general of the Fourth division which trained at Gordon, and who is now in charge of the industrial development division of the chamber of commerce, concurred with the other speakers and said he was glad to see the camp opened again.

Has Been Kept Open

Since June 1, when the last of the prisoners were moved to other camps, 13 officers, 78 enlisted men and 497 civilians have kept the camp open.

Charles B. Thompson, national chairman of the Fourth division reunion to be held in Augusta in September, described the move as the best condition that could exist for Augusta.

It has the best training area and the lowest sick rate of any camp of equal size in the United States.

The camp has facilities for training 35,000 men. This does not include service troops.
