# Final Product Vision: Tiles on Firefox Desktop 39

- 1 **New Tab page controls** feature new menu options and the ability to turn off suggested content (i.e. ads).
- 2 **Search box** with updated styling and inclusion of the Yahoo! logo.
- 3 **Tile UI updates** include an address bar that shows a favicon and top-level domain.
- 4 **Suggested Tiles** show a modified "Suggested" label and a contextual statement beneath the address bar.

# Final Product Vision: Basic Page Layout

- 1 Persistent Search box** is a fixed width, always center-aligned, and equal to two tiles plus a 20 pixel gutter.
- 2 Suggested Tile placement** will vary, depending on the layout and tiles the user has saved.
- 3 Responsive History Tiles** fill the new tab page by adding/removing columns or rows, and always with 20 pixel gutters on either side.
