# Add One-Click Search via Page Action Menu

ONE-CLICK SEARCH ENGINE AVAILABLE

When a search engine is available it appears at the bottom of the page action menu separated by a division line.

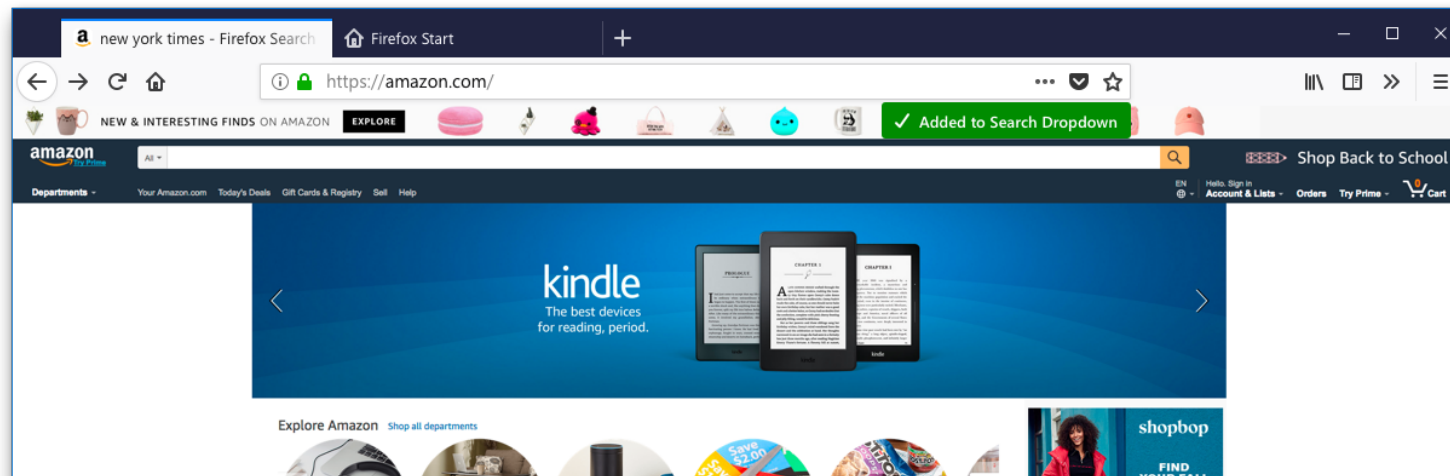

ONE-CLICK SEARCH ENGINE ADDED

Pop up confirms One-Click Search engine has been added to the search dropdown.

Add One-Click Search via Page Action Menu
### Multiply Search Engines Available

2+ ONE-CLICK SEARCH ENGINEs AVAILABLE

When multiple search engines are available a right arrow appears that opens to a list of search engines.

Clicking on "Add One-Click Search Engines" opens a secondary panel that list multiply search engines.

https://de.pons.com/ is a site where multiple one-click engines are available.

LIST OF SEARCH ENGINES

List search engines and make scrollable if over the alloted vertical space.

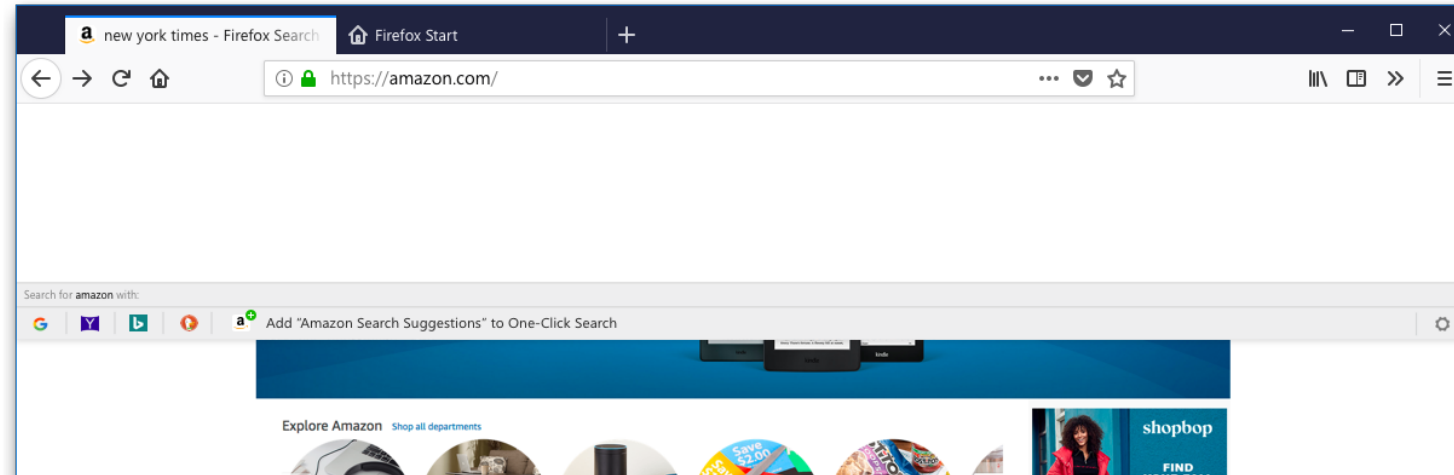

Follow styling of other list with multiple panels (for example, the 'web developer' panel).

List should be scrollable if longer then the vertical space available.

Add One-Click Search via Search Drop Down

ADD SEARCH ENGINE IN SEARCH DROP DOWN FOOTER

In addition to the page action menu One-Click Search Engines can also be added in the search drop down.
