Your skype account has been hacked by us.

This is a warning. We will soon hack your DBI WORLD company website and also all your e-mail boxes (willie.hamann@gmail.com & willie@dbiworld.org). If you do not want that to happen so immediately execute a payment of \$ USD 1,000.00 by western union at the following address:

Name: ZOUNGRANA

First name: Moise

Country: BENIN

City: COTONOU

You have only 24H to complete the transaction otherwise we will declare a very painful and terrible war that will forever destroy your business. We have the list of all your contacts and we could also damage all your relations.

Waiting for your payment receipt.
