

I have enabled filtering. Probably should have disabled. OTOH, then this figure is for the ordinary case that is found on many people's desktop.

execution time sec	open	close
-----------------------	------	-------

USE-CLOSED

70	2277	2150
72	2111	2194
64	2408	2210
65	2209	2114
67	2057	2037

DONT-USE-REUSABLE

67	2184	2095
63	2095	1551 <== why low close
69	1675	1341 <== why low open and close?
75	2185	2101

icedove		icedove base on 45.6 !? FAST, no debug output.
---------	--	--

15 sec	3657	2342 ??? Why so many???
19 sec	2202	1605
17 sec	1575	1293
