

## REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Management of IdenTrust, Inc.:

We have examined the [assertion by the management](#) of IdenTrust, Inc. (“IdenTrust”) that in providing its Certification Authority (CA) services known as TrustID, Access Certificates for Electronic Services (ACES), Trust Network, Signatures and Authentication for Everyone (SAFE BioPharma), Trust Infrastructure, and Department of Defense External Certification Authority (DOD ECA) at its primary and secondary locations during the period from July 1, 2013, to June 30, 2014, management of IdenTrust has:

- Disclosed its key and certificate life cycle management business and information privacy practices in its
  - Certification Practice Statement (CPS), and
  - Certificate Policies (CP)
- Maintained effective controls to provide reasonable assurance that:
  - IdenTrust’s Certification Practice Statements are consistent with its Certificate Policies; and
  - IdenTrust provides its services in accordance with its Certificate Policies and Certification Practice Statements
- Maintained effective controls to provide reasonable assurance that:
  - The integrity of keys and certificates it manages is established and protected throughout their lifecycle;
  - The integrity of subscriber keys and certificates it manages is established and protected throughout their lifecycles;
  - The Subscriber information is properly authenticated (for the registration activities performed by IdenTrust); and
  - Subordinate CA certificate requests are accurate, authenticated, and approved
- Maintained effective controls to provide reasonable assurance that:
  - Logical and physical access to CA systems and data was restricted to authorized individuals;
  - The continuity of key and certification management operations is maintained; and
  - CA systems development, maintenance, and operations are properly authorized and performed to maintain CA system inventory

For the CA services known as TrustID, Access Certificates for Electronic Services (ACES), Trust Network, Signatures and Authentication for Everyone (SAFE BioPharma), Trust Infrastructure, and Department of Defense External Certification Authority (DOD ECA) based on the [AICPA/CICA Trust Services Principles and Criteria for Certification Authorities Version 2.0 \(“WebTrust for Certification Authorities Principles and Criteria”\)](#).

IdenTrust’s management is responsible for its assertion. Our responsibility is to express an opinion on management’s assertion based on our examination.

IdenTrust makes use of external registration authorities for specific subscriber registration activities as disclosed in IdenTrust’s business practice disclosures. Our examination did not extend to the controls exercised by the external registration authorities.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and accordingly, included (1) obtaining an understanding of IdenTrust's key and certificate life cycle management business practices and its controls over key and certificate integrity, over the authenticity and privacy of subscriber and relying party information, over the continuity of key and certificate life cycle management operations, and over development, maintenance and operation of systems integrity; (2) selectively testing transactions executed in accordance with disclosed key and certificate life cycle management business and information privacy practices; (3) testing and evaluating the operating effectiveness of the controls; and (4) performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

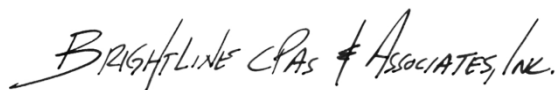

In our opinion, for the period July 1, 2013, to June 30, 2014, IdenTrust's management's assertion, as set forth in the first paragraph, is fairly stated, in all material respects, based on the [AICPA/CICA WebTrust for Certification Authorities Principles and Criteria](#).

Because of inherent limitations in controls, errors or fraud may occur and not be detected. Furthermore, the projection of any conclusions, based on our findings, to future periods is subject to the risk that (1) changes made to the system or controls, (2) changes in processing requirements, (3) changes required because of the passage of time, or (4) degree of compliance with the policies or procedures may alter the validity of such conclusions.

The WebTrust seal of assurance for Certification Authorities on IdenTrust's Website constitutes a symbolic representation of the contents of this report and it is not intended, nor should it be construed, to update this report or provide any additional assurance.

The relative effectiveness and significance of specific controls at IdenTrust and their effect on assessments of control risk for subscribers and relying parties are dependent on their interaction with the controls, and other factors present at external registration authorities, individual subscriber and relying party locations. We have performed no procedures to evaluate the effectiveness of controls at external registration authorities, individual subscriber and relying party locations.

This report does not include any representation as to the quality of IdenTrust's services beyond those covered by the [WebTrust for Certification Authorities Principles and Criteria](#), nor the suitability of any of IdenTrust's services for any customer's intended purpose.

Certified Public Accountants  
Tampa, Florida  
July 25, 2014

**ASSERTION OF MANAGEMENT AS TO ITS DISCLOSURE OF ITS PRACTICES AND ITS CONTROLS OVER ITS CERTIFICATION AUTHORITY OPERATIONS DURING THE PERIOD FROM JULY 1, 2013, TO JUNE 30, 2014**

July 25, 2014

IdenTrust, Inc. (IdenTrust) operates as a Certificate Authority (CA) known as TrustID, Access Certificates for Electronic Services (ACES), Trust Network, Signatures and Authentication for Everyone (SAFE BioPharma), Trust Infrastructure, and Department of Defense External Certification Authority (DOD ECA). IdenTrust, as Root CA, provides the following Certificate Authority services:

- Subscriber key management services
- Subscriber registration
- Certificate renewal
- Certificate rekey
- Certificate issuance
- Certificate distribution (using online repository)
- Certificate revocation
- Certificate suspension
- Certificate status information processing (using online repository)
- Integrated circuit card life cycle management

IdenTrust makes use of external registration authorities for specific subscriber registration activities as disclosed in IdenTrust's business practice disclosures.

Management of IdenTrust is responsible for establishing and maintaining effective controls over its CA operations, including CA business practices disclosures as follows:

Trust ID	<a href="#">Certificate Policy</a> <a href="#">Certificate Practice Statement</a> <a href="#">Privacy Policy</a>
Access Certificates for Electronic Services (ACES)	<a href="#">Certificate Policy</a> <a href="#">Certification Practice Statement</a> <a href="#">Errata to Certification Practice Statement</a> <a href="#">Addendum to Certification Practice Statement</a> <a href="#">Privacy Policy</a>
Trust Network	Certificate Policy* Certification Practice Statement* <a href="#">Privacy Policy</a>
Signatures and Authentication for Everyone (SAFE BioPharma)	Certificate Policy** Certification Practice Statement** <a href="#">Privacy Policy</a>

Trust Infrastructure	Certificate Policy** Certification Practice Statement** <a href="#">Privacy Policy</a>
Department of Defense External Certification Authority (DOD ECA)	<a href="#">Certificate Policy</a> <a href="#">Certification Practice Statement</a> Key Recovery Policy** Key Recovery Practice Statement** <a href="#">Privacy Policy</a>

\* Documentation distribution is limited to IdenTrust Trust Network Participants, subscribers, and relying parties.

\*\* Document is available to subscribers and relying parties upon request

Management of IdenTrust is also responsible for establishing and maintaining effective controls over its Certification Authority operations, including service integrity (including key and certificate life cycle management controls), and CA environmental controls. These controls contain monitoring mechanisms, and actions are taken to correct deficiencies identified.

There are inherent limitations in any controls, including the possibility of human error and the circumvention or overriding of controls. Accordingly, even effective controls can provide only reasonable assurance with respect to IdenTrust's Certificate Authority operations. Furthermore because of changes in conditions, the effectiveness of controls may vary over time.

Management has assessed the controls over its CA operations. Based on that assessment, in IdenTrust management's opinion, in providing its CA services at its primary and secondary locations, IdenTrust, during the period from July 1, 2013, to June 30, 2014:

- Disclosed its key and certificate life cycle management business and information privacy practices in its
  - Certification Practice Statements and
  - Certificate Policies
- Maintained effective controls to provide reasonable assurance that:
  - IdenTrust's Certification Practice Statements are consistent with its Certificate Policies
  - IdenTrust provides its services in accordance with its Certificate Policies and Certification Practice Statements
- Maintained effective controls to provide reasonable assurance that
  - The integrity of keys and certificates it manages is established and protected throughout their life cycles;
  - The integrity of subscriber keys and certificates it manages is established and protected throughout their life cycles
  - The Subscriber information is properly authenticated (for the registration activities performed by IdenTrust); and
  - Subordinate CA certificate requests are accurate, authenticated, and approved

- Maintained effective controls to provide reasonable assurance that:
  - Logical and physical access to CA systems and data is restricted to authorized individuals;
  - The continuity of key and certificate life cycle management operations is maintained; and
  - CA systems development, maintenance and operations are properly authorized and performed to maintain CA systems integrity

For the CA services known as TrustID, Access Certificates for Electronic Services (ACES), Trust Network, Signatures and Authentication for Everyone (SAFE BioPharma), Trust Infrastructure, and Department of Defense External Certification Authority (DOD ECA) based on the [AICPA/CICA Trust Services Principles and Criteria for Certification Authorities Version 2.0 \(WebTrust for Certification Authorities Principles and Criteria\)](#) including the following:
