AUDIT EQUIVALENCY STATEMENT

This is an official letter to declare the following facts upon request by Office of Controller of Certifying Authorities (CCA).

- i) CCA is declared under the Information Technology Act 2000 (ITA-2000) as the regulatory body for electronic certificate services in India.
- ii) CCA is thus made responsible for publishing the ordinances that electronic certificate service providers are obliged to confirm with. Upon notice, a nominee is audited by our organization to become a qualified electronic certificate service provider. Our organization then conducts periodic and non-periodic audits to assure the continuity of conformance with the law and ordinances.
- iii) Hereby we declare that CCA is a qualified electronic certificate service provider in India as of our audit of their operations on March 30, 2017. CCA was audited according to the ITA-2000 and in accordance with this legislation, will be re-audited on or before March 30, 2018.
- iv) We also declare the fact that the provisions for audit under ITA-2000 and the guidelines thereon are at least equivalent to Microsoft's designated operating standards (Trust Service Principles and Criteria for Certification Authorities Version 2.0 and WebTrust principles and criteria for Certification Authorities – SSL Baseline with Network Security – Version 2.2).

This letter is to notify the public and any third party who may request the above information.
