Error running mach:
```

```
['python-test', 'testing/mozbase/moztest']
```

The error occurred in code that was called by the `mach` command. This is either a bug in the called code itself or in the way that `mach` is calling it.

You should consider filing a bug for this issue.

If filing a bug, please include the full output of `mach`, including this error message.

The details of the failure are as follows:

```
