

Bugzilla

[Report A Bug](#) - Use the Bugzilla Helper.
[View Bugs Already Reported Today](#)

Enter a bug # or some search terms:
 [\[Help\]](#)

- [Query Page](#) (Search existing bug reports)
- [Summary reports and charts](#)
- [Enter a new bug report](#) (Advanced)
- [Log in to an existing account](#)
- [Open a new Bugzilla account](#)
- [Add to Sidebar](#) (Requires Mozilla or Netscape 6/7)

- Hanning window
 - Hamming window
 - Blackman window
 - Kaiser window:
- This is *not* the place to report bugs about commercial Netscape products. For that, try Netscape's own [bug reporting form](#) instead. Netscape bugs reported here will be ignored. (Netscape browsers usually have a  logo in the top right of the window.)

When reporting a bug

- Read the [Bugzilla fact sheet](#) so you know what you're doing.
- [Open a Bugzilla account](#) if you don't have one already.
- **Make sure you can reproduce the bug**, and explain to others how to reproduce it as well. If engineers can't reproduce your bug, they won't be able to fix it.
- Read the [bug reporting guidelines](#) to learn how to write bug reports that get bugs fixed.
- **Make sure your bug hasn't already been reported.** Consult the lists of [most frequently reported bugs](#), [most recently duplicated bugs](#), and [search](#) for bugs matching the one you've found.
- Use the [Bugzilla Helper](#) to report bugs. This form helps well written bug reports.
