Witness LASIK LIVE Online!- by Heather Johnson, Excel LASIK patient

Ever wondered what LASIK surgery is actually like? I sure did before my surgery. But what really helped me make my decision to have LASIK, was watching a real live surgery. At Excel in Provo, they show the procedure on a TV in the waiting room while it is actually happening. I'll admit, I was a bit nervous to watch, and not everybody likes to, but the nurses were so great at explaining what was happening and helped me realize there was nothing to be afraid of. And after my surgery they sent me home with a video of my own surgery! Great for movie night! But you don't have to come to the office to watch a surgery. On Excel's website you can click on my surgery and watch every exciting moment (www.exceleeyecenter.com). It just might help you take the plunge to great vision. Good luck!

P.S. I see 20/20! Only wish I'd done it sooner.
