

This test looks OK on the screen, but incorrect when print-previewed or printed. The incorrect result shows a thin border on top, and no borders on the left and right.

The relevent used for this table is:

```
.test-fail {  
  border-collapse: collapse;  
  
  border-top: thick solid black;  
  border-left: thin solid black;  
  border-right: thin solid black;  
}
