---

You're invited to join our Product Sampling Board this week only!

Dear Sheryl,

We at VistaPrint take our customers' feedback seriously. That's why we're cordially inviting you to participate in our exclusive Product Sampling Board.

Sample any of the products shown here for FREE (pay only for postage and processing). Then give us your honest opinion of the products you tried when we contact you at a later date. It's that simple!

Thanks to customer feedback, we've introduced many new products. For example, we are now proud to be able to offer you a broad selection of sticky notes that you can customize with your own personal text, logo and images. Indispensable for work or home, these adhesive 3" x 3" pads (with 50 sheets each) are full-color, easy-to-customize and available in quantities from one to 2,000. And best of all, you can try them now for FREE.

So go ahead - click on sticky notes and any of the other product images below and join our Product Sampling Board today. We can't wait to hear what you think about these FREE samples in addition to all our other high-quality products. Thank you.

Sincerely,  
Lori Holt  
Director of Client Services
