

Welcome to Spread Firefox

Welcome to SpreadFirefox, the official Mozilla site for Spreading Firefox, a modern Internet browser delivering a safer, faster, and better web experience. If you are looking for Firefox, please visit <http://www.getfirefox.com>, the site for all things Firefox, including the download of its latest version.

SpreadFirefox is currently unavailable. We currently plan to make SpreadFirefox available again as soon as possible. Keep checking in because it should be up any day now. We apologize for any inconvenience during this time. We assure you that we do this to provide you with the best service possible. For updates on what is happening, please visit MozillaZine (<http://www.mozillazine.org>).

This shouldn't stop you from Spreading Firefox to the masses, so keep up the good work!
