At this moment lean to fall when weather is more predictable

Well then, it's three to one. Brad votes for spring. Suz, you and I all prefer fall.

* Somehow, a spring trip feels rushed to me. Fall gives us something to look forward to, and time to get ready.

Hi Jeannie,

There are two alternatives:

- September will have the best weather.
- October means lower prices.

If you have a preference, let me know.
Meanwhile, I'll check rates.
