OBJECTIVE

- Enhance the filtering of the review queues to make finding add-ons easier.
- Bug Report: https://bugzilla.mozilla.org/show_bug.cgi?id=483830

   FEATURES

| #	Feature	Description
1.1	Activate New Filters	The review queues currently have a filter panel, which isn't functional. We need to enhance & activate it.

DETAILS

1.1 Activate New Filters

Editors need better review queue filtering to be able to search for add-ons that they'd like to review:

- Add-on name with auto-complete for speeding up results
- Add-on type
- Operating system
- Age of submission
- Mozilla application version
- Add-on author AMO email
- Option to clear the filter
- Filters should remain in effect until editor chooses to clear the filter
- It would be nice to allow editors to save filters for re-use (not high priority)

Mockups:

Add-on name should provide autocomplete functionality.

Extension:

Application: Firefox

Max Version:
✓ –Select–
2.0
2.0.0.4
2.0.0.8
2.0.0.*
3.0
3.0.*
3.1b1
3.1b2
3.1b3pre
3.1b3

Age of Submission (days)

Type:

10+

Type:
Extensions
Themes
Dictionaries
Search Engines
Language Packs (Application)

Platform:
ALL
Linux
MacOSX
BSD
Windows

I think that setting the top searchable value as 10+ could help to set a new expectation of having reviews done within 10 days max.
