

TO WHOM IT MAY CONCERN

This is to certify that M/s CyberQ Consulting Private Ltd. have audited the National Informatics Centre Certifying Authority (NICCA) from 5th Feb to 22nd Feb, 2010. The audit scope was as per the Guidelines laid down by the Controller of Certifying Authorities of the Government of India. This audit is equivalent to the guidelines of the WebTrust for CAs version 1.0., as the CCA guidelines correspond to the WebTrust for CAs version 1.0. M/s CyberQ Consulting Private Ltd. had audited NICCA's PKI, under Rule 31 of the IT Act 2000, which mandates Third Party annual audit by CCA Accredited Auditor.

The certificates included in the audit are "NIC Certifying Authority" and its Sub-CA namely "CSCA, India (NICCA – SubCA for ePassport)". The RA practices at two RAs of NICCA, namely at Mumbai and at Bangalore were also audited during this period as part of the NICCA Audit requirements.

This certificate is being issued in response to a request by the National Informatics Centre Certifying Authority.

For CyberQ Consulting Pvt. Ltd.
