

SCROLLBAR not visible

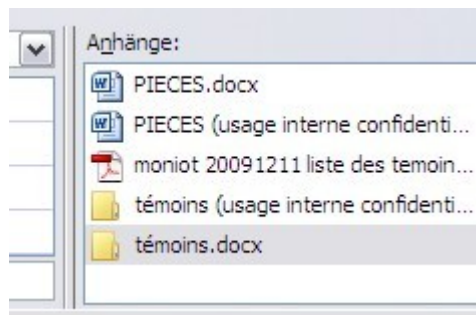

This is the right side of the screen with the accounts

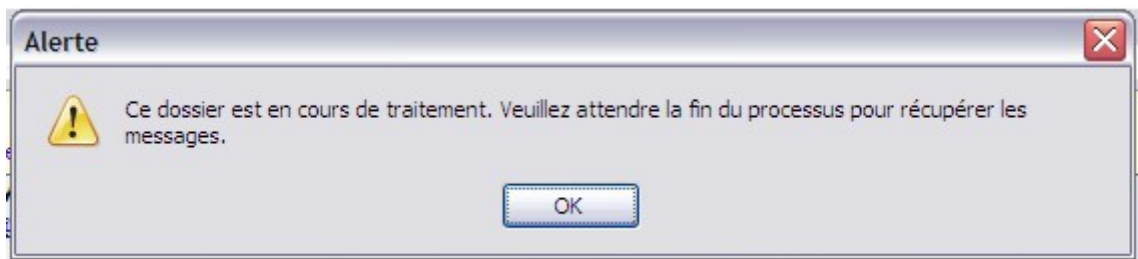

Default sender address is used when I click on a mail link in a SPAM Mail to an other mail account (the mail must be send from pubdoc@brainstuff.com The displayed default address is not to use.

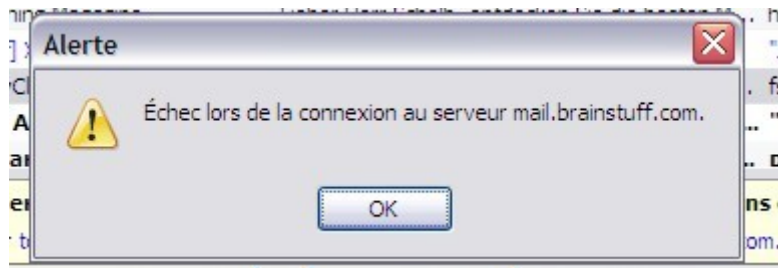

False icones in the attachment list (the both last icones are false ... both are docx files like the first z files

This is a not needed error message ... the file is in use, please wait

This is a very stupid « alert » :

(it comes when the connection fails the I have to click about 30 times on this screen ... one time for each account. THERE is not any need to confirm this message, this must go to a « log-File »

best regards John support@brainstuff.com
