

Report of Independent Practitioner

To the Management of AffirmTrust, LLC:

We have examined the assertion by the management of AffirmTrust LLC (AffirmTrust) that in providing its Extended Validation ("EV") Certification Authority (CA) services from its facilities in the United States from the following four root certificates, which have not yet been placed in operation:

- AffirmTrust Commercial
- AffirmTrust Networking
- AffirmTrust Premium
- AffirmTrust Premium ECC

as of January 31, 2010, AffirmTrust has suitably designed its practices and procedures based on the AICPA/CICA WebTrust for Certification Authorities - Extended Validation Criteria.

This assertion is the responsibility of AffirmTrust's management. Our responsibility is to express an opinion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included (1) obtaining an understanding of AffirmTrust's EV certificate life cycle management practices and procedures, including its relevant controls over the issuance, renewal and revocation of EV certificates; (2) evaluating the suitability of the design of practices and procedures, as of January 31, 2010; and (3) performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, AffirmTrust management's assertion set forth in the first paragraph, as of January 31, 2010, is fairly stated, in all material respects, based on the AICPA/CICA WebTrust for Certification Authorities - Extended Validation Criteria.

Management has not placed its EV Certification Authority (CA) services in operation and, therefore, additional changes may be made to the design of the controls before the System is implemented. We did not perform procedures to determine the operating effectiveness of controls for any period. Accordingly, we express no opinion on the operating effectiveness of any aspects of AffirmTrust's controls, individually or in the aggregate.

Because of inherent limitations in controls, error or fraud may occur and not be detected. Furthermore, the projection of any conclusions, based on our findings, to

future periods is subject to the risk that the validity of such conclusions may be altered because of changes made to the system or controls, or the failure to make needed changes to the system or controls, or the failure to make needed changes to the system or controls, or a deterioration in the degree of effectiveness of the controls..

This report does not include any representation as to the quality of AffirmTrust's services beyond those covered by the WebTrust for Certification Authorities - Extended Validation Criteria, or the suitability of any of AffirmTrust's services for any customer's intended purpose.

A handwritten signature in black ink that reads "IS Partners, LLC". The letters are cursive and somewhat stylized, with the "IS" being larger and more prominent than the rest of the text.
