

Want to help us out by reporting a bug? Great! It's really simple to get started, just give us the email address you want to use. Once we confirm that it works, your account will be active and you can start filing bugs and helping fix them.

Email address:

Create Account

If you want, you can read our [bugzilla guidelines](#) (opens in a new window) while you wait. Remember that bugzilla is a public place, so what you type here, and the email address you use, will be visible to others (including spammers). Many people use an [alternate email address](#) for this reason.

Did you just need tech support with a Mozilla product/project?

MOZILLA FIREFOX
[Click here if you need help using Mozilla Firefox.](#)

MOZILLA THUNDERBIRD
[Click here if you need help using Mozilla](#)

[Thunderbird.](#)

NOT IN THIS LIST?
[Click here if you need help using Mozilla software not listed on](#)

[this page.](#)

(If you think there's something wrong with Bugzilla, you can [send an email to the admins](#), but remember, they can't file bugs for you, or solve tech support problems.)
