Showing the first 5:

it's like google chrome

7/19/10 5:41 AM — Translate! | UA

my add ons not working on it

7/19/10 2:41 AM — Translate! | UA

where's my add ons????

7/18/10 8:48 PM — Translate! | UA

it looks too much like google chrome now

7/18/10 5:09 PM — Translate! | UA

i cant search add ons

7/18/10 4:30 PM — Translate! | UA

68 opinions similar to No shortcut for bookmarks toolbar. Alt+B opens bookmarks sidebar. :(

Showing the first 5:

No keyboard shortcut for firefox button

7/19/10 4:17 AM — Translate! | UA

Can't take the "Bookmarks" button off of the bookmark bar

7/18/10 9:54 PM — Translate! | UA

Interface the bookmarks button on the bookmark toolbar seems redundant.

7/18/10 8:49 PM — Translate! | UA

i can't still open addons manager with a keyboard shortcut! you could just add it, AND another shortcut button beside the new orange button

7/18/10 7:49 PM — Translate! | UA

The button "bookmarks" in bookmarks bar musts be optional.

7/18/10 5:18 PM — Translate! | UA

68 opinions similar to because we cant coustomize the look like gogle chrome

Showing the first 5:

firefox start slowly not like google chrome

7/19/10 1:54 AM — Translate! | UA

I like firefox and recently downloaded firefox 4 and it looks too much like google chrome. It is very dissappointing in my opinion.

7/19/10 12:58 AM — Translate! | UA

You see, I do love Firefox's plugins and expandibility, but I just think Google Chrome is faster, and Google Chrome looks a lot cleaner.

7/19/10 12:48 AM — Translate! | UA | URL

because it's later than the "google chrome".

7/18/10 11:44 PM — Translate! | UA

No import bookmark from google chrome to firefox.

64 opinions similar to Firebug has not been intergrated with beta and I can't use both beta and the stable version

Showing the first 5:

when are you getting the autofill for version 4.0 Beta 1?

It's sometimes lagging... hopefully only the beta...

Firefox 4.0 beta 1 is incompatible to many add-ons. I dislike firefox 4.0 beta 1.

extremely unstable using beta previous versions very stable until last two betas.

Some of the themes are not compatible with the 4.0 beta.

62 opinions similar to it gets stuck when switching from one tab to other.

Showing the first 5:

New tabs will not show the name of the website until you switch to a different tab and then switch back

I can't make app tabs.

I miss the new tab button next to tabs! :(

can you make the inactive tabs more distinct from the active tab?

the new tab button seems to be gone (the one on the tab bar)

62 opinions similar to I wish Firefox would load each tab in its own process.

Showing the first 5:

not only are the tabs further up, the initial tab is also further off to the left

add tab button should be on the tabs bar where a new tab would be opened

tabs say they are loading even though the page is fully loaded

new tabs contiune to say "loading" until changed to another tab

7/18/10 4:48 PM

why not put a "bookmark" tab beside the orange "firefox" tab?

7/18/10 2:46 PM

60 opinions similar to i cant find the download queue page

Showing the first 5:

You must do somethink new with the download manager..

7/19/10 5:36 AM

it doesnt allow orbit downloader to download from rapidshare !!!

7/19/10 2:51 AM

this version can not not make download fast,its not take verious download at one time

7/19/10 1:42 AM

I can't seem to find the button for downloads. I can only open the window if I download something.

7/19/10 1:23 AM

I could not download add-ons etc :-(

7/18/10 8:07 PM

58 opinions similar to It's kinda slow

Showing the first 5:

slow loading times

7/18/10 10:35 PM

just loading really slow...

7/18/10 7:52 PM

still slow when loading many RSS Feeds

7/18/10 7:44 PM

very slow loading pages/tabs

7/18/10 7:21 PM

page load very slow

7/18/10 7:12 PM

58 opinions similar to No exit button for a new window? If there is one, its not very accessible!

Showing the first 5:

I don't see the Firefox button as advertised on the new features page.

7/19/10 1:07 AM

there is no comfortable way to exit because no exit button

7/18/10 6:05 PM

No (x) button in the corner, have to go into the firefox menu to exit

7/18/10 2:31 PM

There is no minimise, maximise, exit buttons in the top right of the programme

7/18/10 2:23 PM

I don't get the orange Firefox button at the upper left.

7/18/10 12:34 PM

55 opinions similar to After private browsing, all passwords are cleared until Firefox is restarted

Showing the first 5:

I would love a dedicated button for Private Browsing. Thx.

7/18/10 7:21 PM

I can't have private browsing and regular browsing all at the same time.

7/18/10 4:06 PM

Can we totally not have sessions of Private browsing and normal browsing together like in Chrome?

7/18/10 1:19 PM

I can't get to private browsing anymore

7/18/10 12:12 PM

Private browsing is hard to notice. Unable to recognize whether we are in general browsing or private browsing

7/18/10 3:13 AM

55 opinions similar to makes trouble with my bookmarks... i can't delete them!

Showing the first 5:

I no longer can leave a bookmark name blank in the bookmarks toolbar.
