# INSTALLING FIREFOX ON MAC

Firefox 4

STEP 1

Visit Mozilla.com in any browser. (ie. Safari). Once you get to the page, click the download button to start the process.

STEP 2

*Your file should begin downloading automatically in a few seconds.*

STEP 3

Once the download has completed, the disk image may open by itself. If it does not open automatically, double-click the Firefox dmg icon to open it.

STEP 4

A Finder window appears, containing the Firefox application. Drag the Firefox Icon into the Applications Folder.
