

Problem in open

The screenshot shows the Mjooz user home page in Internet Explorer. The browser title is "Mjooz :: - Windows Internet Explorer" and the address bar shows "http://mjooz.com/UserHome.html". The navigation menu includes Home, Profile, Contacts, Calendar, SMS / MMS, Messages, and Chat. The "Calendar" tab is highlighted. The page content includes sections for My Profile, My Contacts, My Mobile, My Referrals, My Calendar, and My SMS. A callout bubble with the text "Problem in open" points to the "Calendar" tab in the navigation menu.

Windows Internet Explorer window: Mjooz :: - Windows Internet Explorer  
Address bar: http://mjooz.com/UserHome.html  
Navigation: Home, Profile, Contacts, Calendar, SMS / MMS, Messages, Chat  
Page Content: My Profile, My Contacts, My Mobile, My Referrals, My Calendar, My SMS
