SAY AGAIN?

Radio Communication Done Right

An Air Safety Institute Safety Seminar

The Air Safety Institute
is a division of
the AOPA Foundation

Stymied by radio chatter every time you fly?

*Do you fly around airspace
to avoid talking to ATC?*

Do ATC communications have you tongue-tied? Learn what NOT to say to controllers. Hear the story from the controllers' side. This Air Safety Institute seminar goes beyond the A.I.M. and tackles some of the communication "gotchas" both in busy airspace as well as the non-towered environment.

No RSVP Required
