**Subject:** Bridge ATC System, Mountain View, CA  
**Avidex Project:** 120398

Dear Tim:

Based on your request, the following is our proposal for updates to the audio conference system in the Bridge Conference Room.

#### **Scope of Work**

1. Replace existing Polycom Vortex with owner-furnished (OFE) ClearOne 880T, 8i and VH20.
2. Provide and install two ClearOne ceiling microphone arrays.
3. Set-up ClearOne DSP to accommodate existing table microphones and new ceiling mount microphone arrays.
4. Program Crestron control system to operate the upgraded AV system.
5. Provide Project Management services for testing the completed system with a Mozilla representative to establish final acceptance of the system.

#### **Exclusions**

The following work is not included in our scope of work:

- All conduit, high voltage wiring panels, breakers, relays, boxes, receptacles, etc.
- Concrete saw cutting and / or core drilling.
- LAN connections
- Fire wall, ceiling, roof and floor penetration.
- Necessary ceiling tile or T-bar modifications, replacement and/or repair.
- Painting and patching.
- Carpet modifications, replacement and/or repair.
- Construction delays, strikes, acts of God, third-party contractor performance and unforeseen unusual conditions of facilities (i.e., asbestos, decaying concrete, vibrating roof structures, etc.) are beyond our control.
