Theme: *Unity and Diversity in the Body of Christ – how and
why we can't agree with one another*

Speaker: Rt Revd. Dr. David Atkinson.

Previous Bishop of Thetford

Prior to ministry David worked for a while as a chemistry teacher and so it will be no surprise that he has written on the values of science and has lucidly championed the need to address the dangers and issues of global warming.

Formerly he was Bishop of Thetford and author of such books in the Bible Speaks Today series as Genesis 1-11, Ruth, Job and Proverbs. In addition he has written on subjects as varied as 'Homosexuals in the Christian Fellowship' and 'Life and Death'.

He has a strong internet presence and details of his varied achievements and career can be studied in greater detail which all goes to hint at a very stimulating conference which all who attend will benefit from.
