06./03/2012

To whom it may concern,

This memorandum declares the following facts and written upon request by “Elektronik Bilgi Güvenliği A.Ş. (Electronic Information Security Corp)” (hereafter e-Güven).

1. Turkish Information and Communication Technologies Authority (hereafter ICTA) is declared as the regulatory and auditing body for electronic certificate service providers in Turkey by the Turkish Electronic Signature Law.
2. ICTA is thus made responsible of publishing the by-laws that electronic certificate service providers are obliged to conform with. Upon a notification, a nominee is audited by ICTA to become a qualified electronic certificate service provider. ICTA then conducts periodical and non-periodical audits to assure the continuity of conformance with law and by-laws.
3. Hereby we declare that e-Güven is a qualified electronic certificate service provider in Turkey as of 24th of June, 2005.
4. We also hereby declare the fact that e-Güven complies with “ETSI TS 101 456 Electronic Signatures and Infrastructures (ESI); Policy requirements for certification authorities issuing qualified certificates” as set by the Article 5a at “Communiqué on Processes and Criteria Regarding Electronic Signature” published by ICTA.
5. According to the legislation of Electronic Signature in Turkey, e-Güven shall be inspected by the ICTA when it is necessary and at least biannual at the ICTA’s own initiative. Last Supervision to e-Güven was done between 17-21 November 2011 by ICTA.

This letter is to notify the public and any third party who may request the above information

Yours sincerely,

06./03/2012

Ph.D. Muhterem ÇÖL
Vice-President of the Authority
