Notes		1. Does not support price points 130 & 140 1. Does not support					pport price points 90–140 1. Card does not support price points 60–14			1. Does not support carrier billing			1. Does not support price points 1, 5, 7, 130 & 140							rt price points 130 & 140
				•	2		t price points 130 & 140				price points, including 1, 5 &									
Rules		1. Do no	show unsuppor	rted price points																
		2. When credit card is not supported on a price point, caption that price point with "Carrier billing only" on the dropdown menu																		
	3. For example, in Colombia, group it like this: (Carrier billing only: 1, 5, 7), (Carrier billing and credit card: 10-50), (Carrier billing only: 60-140)																			
		4. For example, in Poland, group it like this: (Carrier billing only: 1, 5, 7), (Carrier billing and credit card: 10-80), (Credit card only: 90-120)																		
		5. It looks as if payout does not differ between carrier billing and credit card. This makes the interface simpler, with less things to consider
