|   | 'mana cimala                    |                              |                        |                      |                  |                |

"All products" means simple search. Simple search is selected by default. This makes it easy for existing users to not change behaviors. Just search like usual.

Instant search results are displayed in a table-like list without a header, highlighting the bug description. Question: is it smart to deemphasize bug number and status?
