

The Mozilla Manifesto

The Mozilla Foundation invites all others who support the principles of the Mozilla Manifesto to join with us, and to find new ways to make this vision of the Internet a reality.

HOW CAN YOU
SUPPORT US?

- [Our Mission](#)
- [Learn more about our Plans and Pledge](#)

Why do you support Mozilla's Manifesto?

1.

Individuals must have the ability to shape their own experiences on the Internet.
[Share](#)
2.

Free and open source software promotes the development of the Internet as a public resource.
[Share](#)
3.

Transparent community-based processes promote participation, accountability, and trust.
[Share](#)
4.

The Internet should enrich the lives of individual human beings.
[Share](#)
5.

The Internet is a global public resource that must remain open and accessible.
[Share](#)
6.

Individuals' security on the Internet is fundamental and cannot be treated as optional.
[Share](#)
7.

Free and open source software promotes the development of the Internet as a public resource.
[Share](#)
8.

Transparent community-based processes promote participation, accountability and trust.
[Share](#)
9.

Commercial involvement in the development of the Internet brings many benefits; a balance between commercial profit and public benefit is critical.
[Share](#)
10.

Magnifying the public benefit aspects of the Internet is an important goal, worthy of time, attention and commitment.
