For each CAs, LuxTrust must provide:

- **Full DER-encoded x509 certificate (a p7c, .zip, or .tgz containing all the Sub CA certificates issued by LuxTrust Global Root CA)**
- **The list of standards the CA has been audited against and the annual public attestation of conformance. For the last audit, LuxTrust may specify that the audit has been performed by an external auditor and that LuxTrust will provide the audit statements when they are ready.**
- **The CA's related CP and CPS**
