NOTE: Your logo is quite detailed and may not print as clearly as seen on proof.

Please note that the front side of the lanyard can have the logo positioned in a specific location on the lanyard. If the lanyard is printed on both sides (front and back) the backside will be 'step and repeat'. Please note: Due to ink and material dye variations, to ensure your satisfaction, a pre-production sample is recommended and is very strongly recommended for orders over 1000 pcs.
