Hi Jacqueline,

You can actually remove AOS from the list at this time.

Hello

I offered to follow up (http://bizdev.openoffice.org/servlets/ReadMsg?list=consultants&msgNo=681) the consultants listed on the OpenOffice.org Consultants list available from http://bizdev.openoffice.org/consultants.html

Your listing is currently as follows:
Australia            Australian Online Solutions  C   S  H  I  L  T

Where:
T = Training (or training materials)
L = Light customization (macros, templates, ...)
I = Installation (support, pre-installation or distribution)
H = Help desk services, general support
S = Software programming (on demand / custom)
P = Custom programming (plug-ins, addons, etc)
C = Contribution to the project

Please let me know if you would still like http://www.aos.net.au/ to be included in the OpenOffice.org Consultants list, and if so, whether the entry is still accurate.

All the best
