Hi Jacqueline,

Thanks for your offer. I gladly accept.

My name is spelt incorrectly on the Link it should be Andrew Greig (i & e are transposed on the link). I used netscape.net for many years, but there is too much spam coming through that server now. My OpenOffice.org mail is the only important thing left to move across to gmail, which is a very clean channel. Could you set my email address for inquiries as "pushin.linux@gmail.com", please?

Also I cater for Mac and Windows and keep the discs current with the latest releases. At present the info line says "Mainly Windows".

I appreciate your undertaking this task. Many thanks

Andrew Greig
