

Test for Bug Report 122510

This is a sample document as requested for bug report 122510. I condored copy pasting from a MS Word document but though that would create additional issues so determined to create a new document with tables and images inserted then would save it in the word format.

Could have entered junk values but then that is not a realisted test at best but is definitely time saving so will write a half page and copy paste what ever I find.
