

Page 1

Sheet1

One	Two	Three	Four	
1	2	2	5	
1	2	2	5	
1	2	2	5	
Total of all four columns			15	
Printed with grid on in the sheet in Format Page				

Page 2

Sheet1

One	Two	Three	Four
1	2	2	5
1	2	2	5
1	2	2	5
Total of all four columns			15
Printed with border applied			

↑
See the borders overwriting text
It should have printed as in page 1.

If document is long, then it
is very tedious to merge
the cells which can solve
the problem. But you see
bug is a bug.
